TECHNICAL SKILLS

- Core Java
- HTML, CSS, JavaScript
- MongoDB
- MySQL
- Advanced Java

SOFT SKILLS

- Good communication
- Leadership
- Time management
- Presentation skills

CERTIFICATES

- Campus recruitment and technical training – Seventh sense team solutions
- Data analysis with python and Power BI – JFORK Technology Pvt. Ltd
- JAVA Training – Crowd analytics
- Employability skills under life skills program – Rubicon

ACADEMIC PROJECTS

Voice controlled robot using Arduino

- developed a voice controlled robot that follows the human and detects the object. it can be used in shopping malls, hospitals, militaries etc.

Intelligent helmet for coal mines

- Developed a intelligent helmet for coal mines using microcontroller and sensors. That sends a notification to the user if any object occurs like fire is occurred.

OBJECTIVE

To obtain a challenging career in the IT industry and put all my efforts into the growth of the organization and have a great working environment.

EDUCATION

S.G. Balekundri institute of technology Belgaum   2021-2024
B.E in Electronics and Communication   **CGPA 6.5**

S.L.J POLYTECHNIC COLLEGE GOKAK   2018-2021
Diploma in Electronics and Communication   **76.04%**

SHRI SHANKARLING HIGH SCHOOL GOKAK   2018
SSLC Karnataka Secondary Education Examinition Board   **83.84%**

ADDITIONAL PROJECTS

Smart Shop

- A dynamic e-commerce platform that allows users to browse, search, and purchase products. The frontend, built using HTML, CSS, and JavaScript, provides a user-friendly shopping experience. Java handles the backend logic, including product management, user authentication, and order processing. MySQL serves as the database for storing user details, product information, and order history.

Event Ease Portal

- An event management system for users to create, manage, and join events. The frontend offers an interactive UI for event creation and participant management. Java ensures secure user authentication, event scheduling, and notifications. MySQL is used to store event details, user profiles, and participant data, enabling seamless coordination and organization.

TRAINING

JAVA FULLSTACK | Global Quest Technoloy | Bengaluru | Jul 2024

- Gained expertise in Basics of core java.
- Hands-on experience in building a web development using HTML, CSS and JavaScript
- Learnt MongoDB and MySQL Databases.
- Gained hands on experience in JDBC, JSP, Servlets, Hibernate, and spring boot frameworks

INTERNSHIP

Data analysis with Python and PowerBI | JFORK Technology pvt.ltd. | Belagavi

- Gained hands on experience on Data analysis with python and Power BI.
- Learnt basics of python, how to analyze the data, how to debug the code, and problem solving skills.
